**AC60**

Powerful 60-Watt amplifier specifically designed for acoustic instruments and vocals. 2 independent channels with separate volume controls and dedicated EQs. World-famous, British engineered TURBOSOUND dual-cone speaker. Switchable Microphone/Line channel provides inputs for both dynamic and condenser microphones plus line inputs. Active, ultra-musical 2/3-band EQ per channel. Multi-FX processor with high-resolution 24-bit converters. KLARK TEKNIK effects processor with 16 effects including 7 reverb programs, delay, echo, chorus and combination effects. Balanced DI output for direct connection to your mixing console. Aux input on 3.5 mm phone jack connects to MP3 player, drum computer, etc. FX insert for external effects devices (stomp boxes, rack effects, etc.). Dedicated Tuner and Line output for additional flexibility. Dual footswitch connector for Mute and internal effects (footswitch FSB102B not included).
