

UC-P100-T

Crestron® Flex VoIP Desk Phone for Microsoft Teams® Software Provides a premium VoIP desk phone designed for use with the Microsoft Teams® intelligent communications platform. Enables superior voice calling and full-duplex hands-free conferencing in a stylish desktop package. A consistent user experience at every desk, workstation, and meeting space is provided via the familiar and intuitive Microsoft Teams touch screen UI, affording simple operation with comprehensive call and contact management features, built-in calendaring, and one-touch meeting joins. The Crestron Flex UC-P100-T desk phone installs easily and connects securely, with network management and provisioning, remote firmware updates and system alerts via the Crestron XiO Cloud™ service. Works natively with any Microsoft Teams account for a streamlined deployment on any enterprise or SMB network.
