

RX1602 V2

Extremely flexible multi-purpose sub-mixer, multi-track monitoring mixer and level translator. 16 balanced high-headroom line inputs for individual stereo or mono use of each section. Ultra-low noise ULN design, highest possible headroom, ultra-transparent audio. Dedicated balance and level controls plus +4/-10 level selection per channel. Monitor/FX Send control per section with global master send control for flexible monitoring, recording or effects applications. Illuminated double-function "mute" button per section with additional "clip" indication provides comfortable input source/level information. Monitor/FX signal assignable to phones output for added flexibility. Highly accurate 2 x 7-segment LED level meters and individual level control for left and right main mix signal. 1/4" TRS main mix outputs plus easily accessible headphones output on the front panel with dedicated level control.
