

DDJ-REV7

Pioneer Dj

The DDJ-REV7 is built to help you get the most from the Serato DJ Pro performance software and boasts a brand-new design that includes large, motorized jog wheels with On Jog Display to create a tactile connection between you and your music. The layout of this 2-channel unit emulates a professional DJM-S mixer + PLX turntable setup, and includes specialized features for open-format and scratch DJs. At the heart of each deck on the DDJ-REV7 is the new 7-inch motorized jog wheel which features the same rotational stability as a 12-inch turntable and is built to feel like you're playing with real records.
