

QUATTROCANALI 1204 DSP

The Quattrocanali Series is specifically designed for installation applications. In just 1 RU, Quattrocanali offers smaller dimensions, lighter weight and the traditionally amazing sound quality and reliability of all Powersoft products. Quattrocanali Series amplifiers implement a high efficiency microprocessor controlled power supply with built in PFC (Power Factor Correction) that allows flawless worldwide operation with any AC mains voltage in the range 85-275 VAC tolerant to peak up to 400 V.

Manufacturer Name:	POWERSOFT
Model:	QUATTROCANALI 1204 DSP
Part Number:	PF000463
Channels	4
Power (100V / 4Ω) per channel	300
Output Voltage	70V, 100V, 4Ω / 16Ω
Rack Mount	Yes
Weight (kg)	6,8
Application	Installation
	Installation
	5/3/2021
	4/6/2021
Guarantee	4 Years Guarantee
