Odeon led 300w zoom pixel light

Odeon led 300w zoom pixel light Rated voltage: AC100-240V ,50-60Hz Rated power: 450W Light source type: 200W/300W Light emission angle: 15 ° -38 ° Manual focusing Color temperature: 3200K/5600K/dual color temperature/full-color optional Service life: ≥ 30000 hours Color rendering index: CRI ≥ 90, R1-R15 average value can be customized ≥ 97 Dimming system: 0%~* * * * linear smooth dimming Electronic strobe: 1-25 times/second ≥ Operation interface: LCD screen display+dot matrix buttons Optical system: The optical lens design of multiple pieces combined with multi-layer coating ensures that the light spot has no blue edge, the light quality is pure, the edges are clear, and the cutting light is sharp Control system: DMX512, Self driving mode, master-slave mode DMX channel: 1/3CH (monochrome), 2/5CH (2-in-1), 3/7CH(RGB), 4/8CH(RGBW) Product process: Adopting international standard fast power audio sockets, the installation of lighting fixtures is more convenient; The handle fastener adopts a zinc alloy built-in scale knob design, which can quickly lock and adjust the angle and position of the lamp without the need for any tools. Heat dissipation system: The heat sink adopts forging technology, with the surface completely attached to the heating part of the light source, quickly dissipating the heat generated by the light source, so that the temperature of the light source does not exceed 75 ℃; Built in silent fan: With intelligent speed regulation function, it reduces resonance and collision, achieving a silent effect. It is liquid * * bearing, silent, and provides up to 58CFM of large air volume to ensure that the lamp works for a long time, ensuring that the temperature of the lamp body remains in * * state. Working temperature:- 30~40℃ Work environment: IP20/indoor use Material and process: Die cast aluminum Chassis color: Black Net weight of product: 10kgs Product gross weight: 12kgs Packaging size: 832x332x345mm

Manufacturer Name:	ODEON PRO LIGHTING
Model:	Odeon led 300w zoom pixel light
Part Number:	Odeon led 300w zoom pixel light
