

MULTIRACK

MultiRack is a software host that lets FOH and monitor engineers run multiple, simultaneous instances of the same award-winning Waves plugins used in recording studios and mixing rooms the world over. The world's best-sounding reverbs, equalizers, compressors, limiters and delays are at your fingertips, without the limitations of hardware and at a fraction of the cost. MultiRack application is ideal for live sound, broadcast, post-production facilities and more. With easy setup and advanced preset capabilities, MultiRack delivers all the flexibility and portability of software, with sound quality and convenience that beats hardware
