

ELEMENT BUNDLE

Large diaphragm active moving coil studio microphone. Tailored for vocals, acoustic instruments and electric guitars. Voicing developed by public vote. Specially developed Ridyon™ capsule combines the best features of dynamic, condenser and ribbon mic technology. World's quietest microphone (NTi Audio tests). Widest frequency response of any electromagnetic (ribbon or moving coil) microphone ever made. Proprietary active circuitry. Backlit LED logo badge confirms presence of 48v phantom power.
