

A10i WIDE

A10i Wide is the installation version of the A10i Wide, designed for medium throw installation applications. A10i Wide shares identical sonic performance with its touring counterpart but features a sleeker design and streamlined mounting hardware for greater integration. The 30° enclosure of A10i Wide enables a compact array to provide expansive coverage while preserving sightlines. Panflex allows users to adapt directivity to the audience geometry and ensures exceptional frequency response stability.
