

RMX-1000

Pioneer Dj

The RMX-1000 takes a totally new direction to effectors and samplers delivering a 3-in-1 system comprising editing software, innovative performance hardware and VST/AU/RTAS plug-ins. Enjoy all the possibilities of studio FX and beat boxes, with the added physicality of pro-DJ equipment. Features inherited from our flagship mixers and effectors include the DJM-2000 s Isolator FX, the DJM-900NXS X-Pad and the EFX-1000 s multiple FX chaining - have been evolved and brought together into one unit. The RMX-1000 gives you intuitive control of multiple parameters in macro, plus you can use our remixbox™ editing software to completely customise the hardware and load it up with your own banks of samples.
