RM3000EKA

The new EIKON RM3000EK in-ear monitoring system offers outstanding sound quality and high dynamic range. The system allows switching between mono or stereo mode for all the needs of live musicians, actors or speakers. The integrated limiter guarantees an optimal level of protection and a uniform sound reproduction, without distortion, with a frequency response between 50Hz and 15kHz. Using alkaline batteries, usage times can even exceed 8 hours. A sturdy ABS carrying case is included.
