

VIDEO MIC X1

VIDEO MIC X1 fulfills your need for a very capable camera-mount stereo microphone. The VIDEO MIC X1 is a compact, lightweight stereo microphone that empowers you to shoot videos with high-quality digital audio. The VIDEO MIC X1 has two high-quality condenser capsules in an X-Y configuration to provide more spatial and real-life sound. Unidirectional pickup patterns match the view in front of the camera while attenuating distracting sounds in the vicinity. The housing of the VIDEO MIC X1 is made from high quality copper alloy for durability and a high level of RF rejection.
