

DJM-S11

**Pioneer Dj**

Raise your game with the DJM-S11. This new professional 2-channel, 4-deck control battle mixer enhances various elements from its predecessor, the DJM-S9, and offers a host of brand-new features to help you perform more freely with Serato DJ Pro or rekordbox. A 4.3-inch customizable touch screen gives all the information you need. Browse tracks, check waveforms, and dynamically change the texture of the music with TOUCH FX. With Touch MIDI you can directly control functions in your DJ software without touching your laptop. Spice up your sets with 22 Beat FX, including the new Fader Pitch and Helix. Smooth Echo is a new effect that you can automatically engage when you move the faders or hit the pads you've assigned as triggers.
