

ZENIT Z120 G2

A professional high-output PAR can with a 7°–55° zoom and a 120 W RGBW COB LED for vibrant color mixing. Featuring patented SPIN16® technology, it allows fast, flexible installation with an integrated 16 mm TV spigot. High-resolution 16-bit dimming, color temperature correction, and variable white balance ensure precise control, with four selectable dimming curves. An OLED display with touch controls offers easy configuration, secured by an access lock. RDM-enabled and flicker-free, it's ideal for TV and film use. IP65-rated for outdoor applications, it includes 5-pin DMX and powerCON TRUE1-compatible connections, with an optional Cameo Omega Bracket available.
