

Professional condenser studio microphone. The C14 condenser microphone is made following the strictest construction standards which make it the ideal microphone for any professional application. Equipped with a 1.1" Mylar capsule with gold-coated surface that guarantees a transparent high frequencies response, getting an excellent vocal range and acoustic instruments image even in the most difficult mixing circumstances. The package includes a shockmount support, windscreen filter and a sturdy aluminum carrying case. Transparent sound with superb detail and warm harmonic content. Extended low-frequency range response. WIMA capacitors. Integrated shockmount support.
