

EVIVA 18SP

The EVIVA 18SP is an 18" powered portable subwoofer that brings Electro-Voice quality sound and durability to aspiring musicians, DJs, and small venues. It has been designed for rapid deployment, so its user-friendly control and easy connectivity combine well with a lightweight design to ensure single-person setup is possible. EVIVA 18SP can be paired with other members of the EVIVA family to create class-leading systems. Weighing just 30.7 kg, EVIVA 18SP delivers deep, powerful bass across the audience area. EVIVA 18SP has a frequency range of 38 Hz – 200 Hz (-10 dB) and a maximum SPL of 132 dB delivering class-leading low frequency performance. The EVIVA 18SP offers two XLR/TRS combo jack line inputs as well as a pair of XLR pass throughs. The robust 18" plywood subwoofer features a 1000 W amplifier with 2-channel analog input section. The intuitive control panel features a knob for level adjustment and switches to change the mode between MUSIC and LIVE, low pass between 100 Hz EVIVA 12P/15P and 150 Hz, and polarity between NORMAL and REVERSE. The subwoofer is powered via an IEC mains input with auto-switching universal 100 V ~ 240 V mains voltage input – included power cord varies per region.
