

A15i FOCUS

A15i Focus is the installation version of the A15 Focus, designed for medium throw installation applications. A15i Focus shares identical sonic performance with its touring counterpart but features a sleeker design and streamlined mounting hardware for greater integration. With a tightly-controlled 10° enclosure coverage, the passive A15i Focus boasts an impressive output of 144 dB and ensures projection up to 45 m. Panflex allows users to adapt directivity to the audience geometry and ensures exceptional frequency response stability.
