

HCM14EK

EIKON

Professional condenser headset microphone ideally suited for vocal sound and speech applications requiring the maximum freedom in movement. The unique tiny size and super light weight provides a comfortable fit for any user. Ergonomically designed to fit comfortably and easily. Great for video recording use, the headset microphone is almost invisible. The microphone provides excellent off-axis rejection in high-SPL situations. It comes with 3 different replaceable connectors making it ideal for use with belt-pack transmitters from various manufacturers.
