

C2800FDI

DYNACORD C Series amplifiers are dedicated installation DSP amplifiers optimized for 24/7 operation. Integrated digital signal processing provides access to professional speaker processing with FIR Drive technology. C Series amplifier utilize Class A/B resp. Class H topologies, which provide market leading acoustic performance and reliability. The connectivity is optimized for the needs of fixed install applications. For low cost of ownership a power saving standby mode is available. A front panel LC display allows local control and supervision of the amplifier. An intuitive system control software allows fast system setup, flexible system control and comprehensive supervision.

Manufacturer Name:	DYNACORD
Model:	C2800FDI
Part Number:	F01U314188
Channels	Dual Channel
Resistance ohms	4Ω / 2Ω / 16Ω, 70V/100V
DSP	Yes
Power (8 ohms/Watt RMS) per channel	850
Power (4 ohms/Watt RMS) per channel	1300
Power (2 ohms/Watt RMS) per channel	2200
Application	Installation
Weight (kg)	15.2
	Installation
Guarantee	3 Years Guarantee

Retail Price
