

HALO SHADOW

The Aston Halo Shadow reflection filter is the ultimate in portable acoustic booth technology in all black finish. In a market awash with differing versions of an ageing design concept, the Aston Halo Shadow is a huge leap forward in reflection filter performance, most notably for Isolation, absorption, mounting hardware and the overall performance as a studio tool for achieving portable room control. Our multiple award-winning Halo Shadow is, according to every independent magazine review, the best reflection filter in the world (and it looks fabulous too!)
