

EVIVA 12P

The EVIVA 12P is a 12" powered portable loudspeaker. Weighing just 12 kg, EVIVA 12P offers a 90° x 60° (horizontal x vertical) coverage pattern, delivering clean, even sound across the audience area. EVIVA 12P has a frequency range of 50 Hz – 20 kHz (-10 dB) and a maximum SPL of 125 dB delivering class-leading sonic performance. It offers industry standard connectivity to make setting up any gig as fast as possible with two XLR combo jack mic/line inputs, an XLR mix output, and Bluetooth® audio streaming. The 2-way full range system features a robust composite enclosure, 1000 Watt amplifier, and 2-channel analog input section. The intuitive control panel features knobs for level adjustment and switches to change the mode between Music and Live and high pass changes between NO SUB and WITH SUB EVIVA 18SP. The loudspeakers are powered via an IEC mains input with auto-switching universal 100 V ~ 240 V mains voltage input – included power cord varies per region.
