

CPA2401

LAB.GRUPPEN

240 Watt mixer amplifier for commercial and industrial applications. Low-Z (4/8 Ohm) and High-Z (70/100 V) operation per output with switchable high-pass filter. 3 mic/line inputs plus 2 line inputs each with individual volume controls and output routing. High-quality media playback via Bluetooth streaming. USB media player with intuitive LCD navigation to play audio files via USB stick. Individual front panel master volume and bass/treble controls for each output. Configurable priority and chime muting function for background music override. Direct drive, constant power technology for superior audio performance and reliability. GPI remote volume control using standard RJ-45 connector and Ethernet cable. Auto Ramp circuitry for quiet and fast power up/down enables real-world energy savings. Aux outputs for expansion to additional amplifiers. Euroblock type mic/line input and output connectors.

Manufacturer Name:	LAB GRUPPEN
Model:	CPA2401
Part Number:	
Channels	1
Power (100V / 4Ω) per channel	70/100V/240W
Output Voltage	70V, 100V, 4Ω / 16Ω
Rack Mount	Yes
Application	Concert, Installation, Portable PA, Studio
	Installation
	1/3/2024
	1/10/2024
Guarantee	1 Year Guarantee
