

HCS30

EIKON

Professional condenser instrument microphone. Lightweight miniature cardioid microphone for use on accordions, guitars and other acoustic instruments and bow instruments. The cardioid polar pattern allows it to be used on stage in high SPL conditions and its linear frequency response ensures a natural, clear and powerful sound. To be powered directly with cable via the supplied IN-LINE preamplifier, or to be connected directly to a bodypack transmitter. High gain before feedback. Phantom adapter included. Belt-pack transmitter compatible with mini XLR 4 pole plug. Designed to be used with most of acoustic instruments .
