

B208D

High-power 200-Watt 2-way PA sound reinforcement speaker system for live and playback applications. Ultra-compact and light weight system delivers excellent sound even at extreme sound pressure levels. Revolutionary Class-D amplifier technology: enormous power, incredible sonic performance and super-light weight. Internal switch-mode power supply for noise-free audio, superior transient response and very low power consumption. Integrated sound processor for ultimate system control and speaker protection. Extremely powerful 8' long-excursion driver provides incredibly deep bass and acoustic power. State-of-the-art 1.35' aluminum-diaphragm compression driver for exceptional high-frequency reproduction. Ultra-wide dispersion, large-format exponential/conical horn. Ultra-low noise Mic/Line input with Volume control and Clip LED. Additional Line output allows linking of additional speaker systems. Versatile trapezoidal enclosure design allows different positioning. Stand mounting with 35-mm pole socket. Tilts on its side for use as a floor monitor
